About the University of Bradford

Values

At the University of Bradford, we are guided by our core values of Excellence, Trust, Innovation, and Inclusion. These values shape our approach and our commitment to making diversity, equity, and inclusion part of everything we do – from how we build our curriculum to how we build our workforce. It is the responsibility of every employee to uphold the university values.

Equality, Diversity, and Inclusion (EDI)

We foster a work environment that's inclusive as well as diverse, where staff can be themselves and have the support and adjustments to be successful within their role.

We are dedicated to promoting equality and inclusivity throughout the university and have established several networks where individuals can find support and safe places fostering a sense of belonging and acceptance. We are committed to several equality charters such as Athena Swan, Race Equality Charter, Disability Confident and Stonewall University Champions Programme.

Health, safety, and wellbeing

Health and Safety is a partnership between employee and employer each having responsibilities, as such all employees of the University have a statutory duty of care for their own personal safety and that of others who may be affected by their acts or omissions.

It is the responsibility of all employees that they fulfil a proactive role towards the management of risk in all of their actions. This entails the risk assessment of all situations, the taking of appropriate actions and reporting of all incidents, near misses and hazards.

Managers should note they have a duty of care towards any staff they manage; academic staff also have a duty of care towards students.

All colleagues will need to ensure you are familiar with any relevant Health and Safety policies and procedures, seeking advice from the Central University Health and Safety team as appropriate.

We are registered members of the University Mental Health Charter. This visibly demonstrates our commitment to achieving cultural change in student and staff mental health and wellbeing across the whole university, whilst supporting the vision of our People Strategy to create a culture and environment of transformational diversity, inclusion and social mobility, creating a place where our values come to life and are evident in our approach.

Information governance

Employees have a responsibility for the information and records (including student, health, financial and administrative records) that are gathered or used as part of their work undertaken for the University.

An employee must consult their manager if they have any doubts about the appropriate handling of the information and records with which they work.

All employees must always adhere to data protection legislation and the University's policies and procedures in relation to information governance and information security.

Employees will be required, when and where appropriate to the role, to comply with the processing of requests under the Freedom of Information Act 2000.

Criminal record disclosures and working with vulnerable groups

Depending on the defined nature of your work and specialist area of expertise, the University may obtain a standard or enhanced disclosure through the Disclosure and Barring Service (DBS) under the Rehabilitation of Offenders Act 1974.

All employees of the University who have contact with children, young people, vulnerable adults, service users and their families must familiarise themselves, be aware of their responsibilities and adhere to the University's policy and Safeguarding Vulnerable Groups Act 2006.

The University is committed to protect and safeguard children, young people and Vulnerable Adults.

Suitable applicants will not be refused positions because of criminal record information or other information declared, where it has no bearing on the role (for which you are applying) and no risks have been identified against the duties you would be expected to perform as part of that role.

Role holder: essential and desirable attributes

Qualifications

Essential	• Post Graduate Certificate in Computed Tomography (CT) or equivalent clinical experience in CT. • A registered professional (HCPC). • A level of English equivalent to level C1 on the Common European Framework of Reference (CEFR).

- To demonstrate grant activity and/or commercial income;
- To support the pursuit of distinctiveness and competitive advantage through embedding the University Strategic objectives;
- To keep up to date with developments in subject area, developing relevant skills and keep abreast of University and sector wide policies, procedures and regulations.

Main duties and responsibilities

Research

1. Undertake multi-disciplinary, high profile individual and/or collaborative research or scholarly projects developing research objectives and proposals via the Faculty's Research Centres.
2. Contribute to the Faculty's Research Centre's and University reputation and impact to ensure a vibrant research environment.
3. Disseminate and communicate research including publication of 3* and/or 4* outputs in the highest quality journals and conference.
4. Provide a stimulating and inclusive research environment to support the successful graduation of doctoral students
5. Contribute as an Independent Chair and internal and/or external examiner
6. Generate grant and contract income to support the University's research and impact

7. Build and sustain regional, national and international networks and partnerships to support the University's research and impact
8. Contribute/lead the development of Impact Case Studies
9. Engage with public policymakers, charities, commerce and industry to shape and inform the research landscape.

Teaching

10. Plan, deliver and assess innovative, engaging and challenging teaching activities which provide a distinctive and exceptional student experience
11. Ensure teaching is research-led with subject content underpinned by relevant specialist research
12. Lead the design and development of an inclusive, accessible and research-informed teaching curriculum and supportive learning activities
13. Evaluate modules, and manage projects at undergraduate and postgraduate levels
14. Contribute to the enhancement of and innovation in programmes, assessment and feedback including distance /blended learning
15. Ensure curriculum design and/or delivery incorporates relevant student, service user and carers (as appropriate) and technology enhanced learning appropriate to the subject discipline
16. Utilise appropriate assessment methods and approaches and provide quality, personalised and timely feedback
17. Identify, promote, administer and grow placement activities
18. Work collaboratively with colleagues to ensure high levels of student satisfaction and quality outcomes
19. Undertake Faculty, School or Department leadership roles as appropriate or required

Knowledge Exchange and Business & Community Engagement

- 20. Involvement in the development and delivery of executive education, CPD or training and development to business/community groups or other professional bodies.
- 21. Support submissions to accreditation bodies as required, including demonstration of compliance standards and co-ordination of re-accreditation groups.

General

- 22. Maintain appropriate professional accreditation(s) including updating professional practice and personal development needs relevant to the Faculty and/or University.
- 23. Meet PDR objectives and maintain a personal development plan utilising the Performance Development Review Scheme
- 24. Contribute to the working life of the Faculty and University and wider academic community including, graduation, open days, applicant experience days, clearing and the staff recruitment and selection process
- 25. Contribute to the financial sustainability of the Faculty and wider University including identifying efficiencies, optimising resources and making savings
- 26. Contribute to student recruitment (nationally and internationally) including conversion, clearing activities and induction
- 27. Contribute to strategic and operational planning within the Faculty and wider University level and University ambitions including Athena SWAN and other external standards
- 28. Provide coaching and mentoring for colleagues including those in their probation and transitioning to new roles
- 29. Provide leadership and management for designated colleagues
- 30. Demonstrate commitment to integrating and embedding equality, diversity and inclusion into core research and teaching practices to support the EDI Strategy.
